

The Governing Mayor makes an appeal to students: "Please get vaccinated"

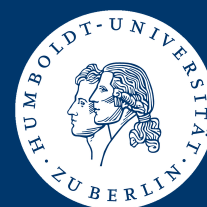

The Governing Mayor of Berlin and Senator for Science and Research, Michael Müller, is making an urgent appeal to the approximately 200,000 students in the capital to get vaccinated, thanking them for the contribution students have made in dealing with the Corona crisis.

"Please get vaccinated against the Corona virus - if you have not already done so - and be sure to take your second vaccination as well, so that your vaccination protection works best," Müller writes. "Together with our universities and many committed teachers, we are doing everything we can to ensure that teaching and studying in Berlin will once again be possible and safe in the winter semester of 2021/22. A high vaccination rate is the best basis for this."
