

Relaxation: Family Day at the Schmöckwitz Watersports Centre on 24 June

Pack your swimming trunks, take your little sister...: The university sports department and the HU Family Office invite all university members and their families to the second Family Day on 24 June at the Schmöckwitz Watersports Centre on Lake Zeuthen.

Young and old can try their hand at sailing, stand-up paddling (SUP) and canoeing - there will be a variety of boats and SUPs available to borrow for trial sessions. In addition, there will be lots of play activities for visitors: a painting and craft table, several opportunities to move and play, and a glitter tattoo station. Reinmar the Giant will also be there: Interactive juggling with knives, balls, clubs and diabolo, magic and acrobatics are on his programme.

The organisers recommend travelling by BVG: From Grünau S-Bahn station, take tram 68 to Alt-Schmöckwitz in 15 minutes - from there it's only a few metres to the water sports centre.

The HU's Watersports Centre is not only worth a visit this coming Saturday: it offers all students and employees of Berlin's universities a wide range of water sports courses as well as recreation and relaxation in the wooded and lakeside nature of south-east Berlin.
