

HUMBOLDT INFO

March 25, 2024

Dear students,

how international is your study programme? Humboldt-Universität wants to examine this question together with the German Academic Exchange Service (DAAD) and therefore invite you to take part in a nationwide student survey.

About 400 prizes worth over € 17,000 will be raffled off among all participants, including notebooks from Apple, Lenovo or Microsoft as well as tablets from Apple or Samsung (see survey front page for more details).

The aim of the project is to compare the internationality of studies at the participating universities and to find out where university support programmes are useful and how they can be improved. We would therefore be very pleased if you would support these efforts with your participation in the survey. Please note that students who are not interested in stays abroad are also important for the meaningfulness of the results.

The duration of the survey is about 15-20 minutes, depending on the respondent group. You can interrupt the survey at any time and resume it at a later date at the same place. Detailed information on data protection within the project can be found on the survey's homepage. Participation is possible until 1 April.
