HUMBOLDT-UNIVERSITÄT ZU BERLIN

Study Programme: Sozialwissenschaften

Degree: Master of Arts

Self-Assessment regarding Application Prerequisites

Explanation:

This self-assessment is an obligatory part of your application documentation. Please use the tables below to fill in relevant modules you have passed in order to fulfil the application requirements. Further information is given in the explanation section of the online-application forms and in the application and admission regulations of Humboldt-Universität zu Berlin ("Fächerübergreifende Satzung zur Regelung von Zulassung, Studium und Prüfung der Humboldt-Universität zu Berlin" – ZSP-HU), annex for the specific study programme No. 2.2.1.48.

In the following form section, please name the type of course (such as L = lecture, S = seminar), the title of the course (or the title of the full module, if – according to your appraisal – it qualifies completely towards one of the demanded areas of specified knowledge) and the corresponding number of ECTS-credits. If you are not able to fill in the credits, because you obtained your first degree in a non-modularised study system, then please fill in the hours of lecture per week of the semester ("SWS"). The title of the bachelor's thesis could also be relevant if the topic is suitable.

All information given within the tables has to be proven by adding adequate documents. Please add the documents in the same order as noted in the tables. If you apply online, please send the documents together with the cover letter of application („Anschreiben zur Bewerbung“) as well as any further documents listed in the online-application form. If you have to apply through UNI-ASSIST or the Admission Office for International Students, send these documents to the respective address. If you do not have the results of a particular exam due to a pending degree, please indicate so in the table below. In these cases, admission and enrolment is subject to further provisions and only possible if all other prerequisites are fulfilled. In addition, there has to be a high probability that the missing credits will be obtained and the stated requirements will be fulfilled within the successful completion of the pending degree before the start of the second-level degree programme.

If you need more space, please use an extra sheet according to the scheme given.
